Post-Approval/Publication/Post-Notice of Allowance (NOA) Amendment

TEAS - Version 5.8 : 01/14/2017

CLASSIFICATION AND LISTING OF GOODS/SERVICES/COLLECTIVE MEMBERSHIP ORGANIZATION

Enter Information for the 1st Original Class

☐ Check here to delete the following class of goods/services/collective membership organization from your application. If checked, it is not necessary to modify the current class below.

☐ Check here to modify the current classification number; listing of goods/services/the nature of the collective membership organization; dates of use; and/or filing basis; or to submit a substitute specimen, foreign registration certificate, or proof of renewal of the foreign registration. If not checked, the changes will be ignored.

Original International Class : 011

*International Class: [Enter class number 001-045, A, B and 200]

WARNING: To be approved and not require any republication, any amendment must be consistent with the current version of the Nice Agreement Concerning the International Classification of Goods and Services for the Purposes of the Registration of Marks.

*Listing of Goods/Services/Collective Membership Organization

WARNING: You may only restrict or delete items in the existing identification; adding goods/services/collective membership organization outside the scope of the original identification or otherwise broadening the scope of the identification is not permissible. [NOTE: Do not enter a Class or any other code in the field below. You must enter only the common commercial name for the specific goods/services/nature of the collective membership organization associated with the mark. Also, do not include any html or other programming code or language that may create links in the listing of goods/services/description of the collective membership organization]. For more information about acceptable language for the goods/services, see the USPTO’s on-line Goods and/or Services Manual. If entering multiple listings of goods/services, please separate with a semi-colon (;), NOT a comma.

Your entry may NOT exceed the scope of your current identification. While you may modify the current listing to clarify, limit, or remove goods/services/collective membership organization, you may NOT at this point ADD or BROADEN goods or services or otherwise amend the goods/services/nature of the collective membership organization beyond the scope of that in the current identification. A new filing would be required to cover any new goods/services/or broadening the nature of the collective membership organization not within the scope of the current identification.

WARNING: Registration Subject to Cancellation for Fraudulent Statements

Statements made in filings to the USPTO must be accurate; inaccuracies could result in the cancellation of a trademark registration. For example, an applicant’s lack of a bona fide intention to use the mark with all goods/services included in an application, or the lack of use on all goods/services for which use is claimed, could jeopardize the validity of the resulting registration.

WARNING: To add or substitute a basis to an application that is not the subject of an inter partes proceeding before the Trademark Trial and Appeal Board, you must petition to the Director to restore jurisdiction of the application to the examining attorney to consider the amendment. See 37 C.F.R. §2.84(a) (no petition is required if there is an inter partes proceeding). If the Director grants the petition, and the examining attorney accepts the added/substituted basis, the mark must be republished.

☐ Filing Basis Section 1(a). Use in Commerce: For all applications: The mark is in use in commerce and was in use in commerce as of the application filing date. The provided specimen shows the mark in use in commerce (see specimen statement below). For a trademark, collective service mark, collective membership mark, or certification mark application: The applicant is exercising
legitimate control over the use of the mark in commerce and was exercising legitimate control over the use of the mark in commerce as of the application filing date. For a certification mark application: The applicant is not engaged in the production or marketing of the goods/services to which the mark is applied, except to advertise or promote recognition of the certification program or of the goods/services that meet the certification standards of the applicant. WARNING: If you filed your original application under Section 1(b), Intent to Use, do not use this form to submit dates of use and a specimen, unless responding to a specimen issue created by an already filed Allegation of Use. Otherwise, you must file the specific Allegation of Use form (Statement of Use/Amendment to allege Use). Filing an Allegation of Use is not a proper response to an Office action.

Date of First Use of Mark Anywhere at least as early as [MM/DD/YYYY]
Date of First Use of Mark Commerce at least as early as [MM/DD/YYYY]

WARNING: To be approved and not require any republication, any amendment to the date(s) of use must be earlier than the date(s) originally stated. If later, but before the application filing date, republication is required. Dates must after the application filing date are not permissible.
