**Subject:** Feedback on P3

Dear Commissioner,

I am providing my feedback on P3 program. Unfortunately I have to state that the program is not working as we thought it would.

When the program was first announced we were very excited and used in on 4 or 5 cases. But in majority of cases we were told that we present our case within 20 minutes and no interactive questioning was done. We do not find that set up helpful at all.

We prefer having interactive discussion with Examiner and his/her supervisor rather than we present our case and panel makes decision later.

If you continue with this pilot program I suggest that presentation should be interactive.

I will be happy to talk to someone over the phone if it will help to make it better.

Thank you for listening to my concerns.

Regards
